
Welcome to the High Average Power Laser Technical Workshop

**Argonne Nat'l Lab - 1
Dept. of Energy - 1
Fusion Power Assoc. - 1
General Atomics - 6
Georgia Tech. - 1
INEEL - 2
LANL - 6
LLNL - 27**

**Luxel - 3
MER Corp. - 1
NRL - 8
Oak Ridge Natl. Lab - 2
Physical Optics Corp. - 2
Princeton Plasma Physics Lab - 1
SAIC - 1
Sandia Nat'l Lab - 5**

**Schafer - 3
Titan - 1
UC Los Angeles - 1
U. of Rochester - 3
UC Santa Barbara - 1
UC San Diego - 4
U. of Texas - 1
U. of Wisconsin - 7**

Some Administrative Matters...

- **Tammy Talovich is handling logistical / administrative issues**
 - Email your presentation to her at: talovich1@llnl.gov
 - Following the meeting all talks will be posted at <http://aries.ucsd.edu/LIB/MEETINGS/>
- **Tours (Spheromak, Mercury) are scheduled for Wednesday at 3:00 pm**
 - You must have signed up in advance
 - A taxi will arrive at 3:30 pm at the Visitor's Center
- **Poster sessions are an experiment**
 - You are encouraged to attend and visit all posters
 - Hors d'oeuvres will be served
- **Food - Breakfast & lunch are provided both days**
- **You are encouraged to interact during talks**
 - Brief, focused questions, comments, and clarifications
- **Photo shoot will be at 3:30 pm Tuesday**
- **Japanese have requested that the next Japan/US Laser-Driver IFE Workshop be held on March 12-14, 2003 in Osaka**
 - Bring any concerns to Steve Payne by Wednesday noon

Let the implosions begin!
